ENGINEERS REPORT OF THE SUNAPEE FIRE DEPARTMENT

In 1954 the Fire Department answered ten box alarms and eight still alarms. We had two bad cottage fires, both total losses, but fully insured.

Our apparatus and Fire Station are in very good condition. We added to our first aid equipment this year a new Resuscitator. We wish to thank the Town's people and summer residents for their cooperation.

A TRIBUTE

We, of the Lake Sunapee Nursing Association, wish to pay a tribute at this time, to our friend and neighbor Stella Russell, who has resigned after serving as Treasurer for 36 years. Mrs. Russell also served as Secretary for the Association for many years.

Mrs. Russell has been with the Association since the horse and buggy days, when the district nurse drove her horse and buggy on calls. Grantham, Springfield, Georges Mills and Sunapee were all included in the district nursing visits. She now resides with her daughter Mrs. Joseph Fleming in Georges Mills and is the mother of Tony Russell who represented the town at General Court, and who served as Selectman until his decease.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Sunapee:

I submit herewith my seventh annual report as Superintendent of schools.

ENROLLMENT

The enrollment for the school year 1954-55 is 235 divided as follows:

Elementary Grades (1 - 8)	176
Senior High (9 - 12)	59

This total enrollment represents an increase of 10 students over last year's figure.

An additional elementary teacher was added to the staff so that there are now six teachers handling the eight elementary grades. Previously, the eighth grade subjects had been on a departmental basis and the classes were divided among the high school teachers. This new setup has made it possible to add several new courses to the high school curriculum and also to lighten the teaching load of some of the high school staff.

TEACHERS

It continues to be very difficult to obtain good teacher replacements, and I cannot see any solution to the teacher problem until salaries are high enough to attract more people into the profession.

There are three new members on the faculty this year - two replacements and one additional position. Mrs. Colcord, Mrs. Baston and Mr. Reed attended the Summer Session at Plymouth Teachers' College. Mrs. Cronin took two extension courses during the year.

TRANSPORTATION

The bus route to the Fernwood area has been temporarily discontinued as there are no school-age children living there at present.

The North Road and Georges Mills bus routes are being operated separately from Dec. to May. They are run as one route during the rest of the school year.

SCHOOL PLANT

Special maintenance projects carried on in addition to the regular summer and vacation cleaning program of the custodian include: refinishing of desk tops in several classrooms, completion of the "black-topping" of the areas around both the new addition and the main building, erection of a four-foot fence between the Currier property and the School, painting the Science Lab and one classroom, the installation of an oil burner at the Principal's House and the replacing of some of the water pipe within the building.

NEW EQUIPMENT

The major items of new equipment include:

- An electric floor machine
- An electric sewing machine
- A liquid duplicator
- 1 four-drawer file for the Home Ec. Dept.
- 1 typewriter was exchanged

CONCLUSION

The work of the school touches many phases of community activity. It is my hope that our accomplishments will be such as to merit the continued interest and support of the citizens of Sunapee.

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools

REPORT OF THE HELPING TEACHER

The work of Helping Teacher, in the few months of its existence, has been interesting, varied, and has attempted to fulfill the duties of providing help to teachers in a variety of ways, always bearing in mind this ultimate objective – to improve the educational growth and development of children.

In the early phases of the program, the services of the Helping Teacher led to those teachers whose expressed need was indicated, or to those whose need was apparent in terms of new experiences, material needs, scheduling problems, teaching techniques, and the like.

Classroom visitations, meetings and informal chats with teachers, principals, Superintendent, parents, and in some cases the school nurse, have all contributed toward a clearer picture of immediate needs and have to some degree hinted at the needs of the future.

Briefly summarized, the work of Helping Teacher has had a share of the responsibilities in:

1. *The Testing Program* – intelligence tests, achievement tests, and individual reading tests have helped to determine the needs and abilities of children.
2. *Remedial Reading* – a temporary plan of group instruction in reading with the purpose of (a) gaining a deeper insight into the problems children face in reading; (b) developing methods of dealing with specific reading difficulties; and (c) determining ways in which such problems might be dealt with within the classroom. The extension course in REMEDIAL READING offered at Keene Teachers College on Thursday evenings proved most valuable in helping to meet these objectives.
3. *Newsletters and bulletins* – prepared in conjunction with the superintendent as a measure designed to bring to the attention of teachers matters relating to (a) special teaching materials; (b) audio-visual materials; (c) book lists for children of all ages; (d) Union Teachers Association items; (e) extension course and other in-service training; (f) other special and miscellaneous announcements according to needs and demands.
4. *Participation* in meetings of Union Teachers Association P.T.A., Study committee groups, and attending meetings and conferences outside the Union designed to acquaint the Helping Teacher with more and effective ways of being a Helping Teacher.
5. *Helping Teachers* – providing materials, ideas, suggestions,

techniques and other services to assist in instructional improvement.

A look to the future indicates the need for increased alertness to the needs of teachers, for as their needs change, so does the work of the Helping Teacher if it is to be effective and worthwhile. It is hoped that future weeks will bring increased services in such areas as

1. Individual pupil testing
2. Special meetings of teachers in common curriculum or grade levels to work together in solving common problems.
3. The recognition of the slow learner and ways of helping him.

Whether past, present, or future, the work of Helping Teacher is a cooperative undertaking. I should like to express my hearty thanks and sincere appreciation to Mr. Flint, principals, teachers, and other school personnel throughout the Union for the constant encouragement, help, and cooperation given me and the confidence placed in me. Without such cooperation and mutual understanding, the role of Helping Teacher would be impossible.

Respectfully,

ALPHONSE J. SOUCY,

Helping Teacher

REPORT OF THE PRINCIPAL

Mr. Gordon B. Flint, Superintendent
Newport, New Hampshire

Dear Mr. Flint:

Commencement Exercises for Sunapee High School were held on June 17, 1954. There were eleven graduates: Donald Booth, Louise Cobb, Donna Collins, James Cooke, W. Bruce Cronin, Paul Gallup, R. Jonathan Lary, Donald Loverin, David Odell, Arthur Partridge, and Sarah Wiggins.

Recipients of prizes and awards at Class Day and Graduation exercises were as follows:

Babe Ruth Foundation Award – Sarah Wiggins and Donald Booth.
Bausch and Lomb Science Award – Sarah Wiggins

Readers Digest Award to Valedictorian – Sarah Wiggins

Sons of American Revolution Medal to Eighth Grader – Joan Anderson.

Josten Citizenship Award – Sarah Wiggins

Murvin A. Bailey Award – W. Bruce Cronin

Six members of the graduating class are attending the University of New Hampshire. One is attending Gordon College. One is attending Worcester Memorial Hospital School of Nursing. One is in the Air Force and two are working locally.

Several changes have been made in the school program. With the addition of one teacher we have taken the eighth grade away from the high school staff and this has allowed us to add some needed subjects on the high school level. Among those added are General Science, Civics, Consumers Mathematics and a full four year mathematics course. Current problems and Economics are to be combined in a one year course and will be alternated with one-half year each of Psychology and Sociology. I feel that these changes will improve our high school curriculum.

Intramural bowling and fall baseball are two sport innovations which have proven very successful and which I hope can be developed to a further extent.

Sunapee had both its basketball and baseball teams in the N.H.I.A.A. state tournaments. Their very successful seasons were concluded with the annual Firemen's Sports night held at the School. Jackets donated by the businessmen of the town were given to the varsity basketball team after the awarding of the Sunapee Fire Department Good Sportsman Trophy to Robert Buswell.

This year the Sunapee Women's Club held a very successful

banquet for the High School girls. I certainly appreciate, as do the pupils involved, the efforts of these two groups in sponsoring these affairs.

Again I wish to thank the townspeople of Sunapee for their willing and cooperative support of the program of this school and extend to them, through you, a cordial welcome to visit their school.

Respectfully yours,

DAVID W. SHERBURNE
